Along the way, texts viewed as sources of tension between the two faiths are confronted, as the book argues that the belief that the Qur'an is hostile to all Jews is rooted in textual misunderstandings. **Marc David Baer**'s *Children of Abraham: The 1,400-Year History of Jewish-Muslim Relations* traces 14 centuries of cooperation and conflict, explaining how — despite an assumed history of violent hostility — Muslims and Jews often lived together in Europe and the Middle East peacefully, bound by shared religious tenets and common cultural practices.

Now, she is the Widow Rose, queen of a pirate tavern in the Lyrian Sea, determined to be the master of her own fate. But tides turn and winds change. The Empire looms on the horizon, with the full weight of its navy bent on reclaiming the wealthy colonies and crushing the pirate republic once and for all. Ship after ship is captured, save for one, captained by a pirate who continually evades both noose and blade: the legendary Valerian Kane. With his fearsome ship and uncanny connection to the song of the sea, Valerian is the only man who threatens the Empire — and the only man Cat has ever loved. Moderating is author **R.J. We're #1 in Florida*

This year, *U.S. News & World Report* ranked Nicklaus Children's Hospital as **#1 in Florida**,* with eight specialties recognized among the nation's best, more than any other children's hospital in the region. That includes being **#1 in Florida for neurology/neurosurgery**,** and **#1 in South Florida for cancer, cardiology/cardiac surgery, pulmonology, and urology**.** Behind every one of those rankings is a team of specialists who bring the same steady expertise and genuine care to your child, whether the visit is a routine checkup or something more. Eight rankings say we're good at what we do. The families we see every day are the reason we do it.
